PSC Schedules Public Hearing for Proposed Pipeline Project in McKenzie County

BISMARCK, ND – The North Dakota Public Service Commission (PSC) will hold a public hearing on Monday, March 22, regarding a proposal to convert an existing pipeline to a transmission line and construct a new portion of pipeline in McKenzie County.

Bridger Pipeline LLC is proposing to convert approximately 27 miles of existing pipeline from a crude oil gathering line to a transmission line, along with constructing approximately 2.4 miles of new 8-inch crude pipeline. No new installations will be required to convert the existing line. Maximum capacity of the pipeline will be 25,000 to 50,000 barrels per day. Estimated cost of the project is \$21 million.
