PSC Schedules Public Hearing for Natural Gas Pipeline Project in Williams County

BISMARCK, ND – The North Dakota Public Service Commission (PSC) will hold a public hearing on Monday, June 6, regarding a proposal to construct a natural gas pipeline in Williams County.

Continental Resources, Inc., is requesting a siting permit for approximately 3.1 miles of 8-inch natural gas transmission pipeline. The pipeline will transport natural gas from the existing East Mon-Dak WBI Energy Transmission pipeline to Continental's Buddy Domindgo Well Pad. The natural gas will be used for an enhanced oil recovery project by compressing the gas and injecting it downhole of the existing well to further the production life of the well. Estimated cost of the project is \$3.55 million.

(Note to the media: A map showing the proposed location of the project has been provided to you for use with any announcements/stories you print.)

Details for the public hearing are as follows:

- **Monday, June 6, 2022 – 9 a.m. Central**
- **Williston City Hall, John Kautzman Chamber Room
22 East Broadway
Williston, ND 58801**

The hearing provides an opportunity for members of the public to contribute to the PSC's official record. Any comments from members of the public must be received at the hearing to be part of the record. People with concerns, questions or support/opposition for the project are encouraged to attend the hearing and present their information. Information received after the hearing will not be part of the official record and cannot be used as a basis for the Commission's decision unless certain additional procedures are followed.

The North Dakota Public Service Commission is a constitutionally created state agency with authority to permit, site and regulate certain business activities in the state including electric and gas utilities, telecommunications companies, power plants, electric transmission lines, pipelines, railroads, auctioneers, commercial weighing devices, pipeline safety and coal mine reclamation.
