San Diego CA 92130

Dear Mr. Dixon:

Today we received an interconnection agreement between Vycera Communications, Inc. and Qwest Corporation.

We will docket the interconnection agreement, but before Vycera Communications, Inc. can provide telecommunications services in North Dakota, it is required to apply for a Certificate of Registration for switchless local resale, and/or a Certificate of Public Convenience and Necessity for facilities-based local services.

Enclosed is the new law effective August 1, 2005, for registering. All non-incumbent telecommunications companies must register on line. Unfortunately, the form is still not on the website. Hopefully, it will be in a couple weeks.

Tariffs are required for CLECs (see N.D.C.C. 49-21-04 attached). If a local exchange reseller requires prepayments, the bond amount is $25,000. A copy of the PSC policy relating to bonds for local exchange resellers is enclosed.

If you have any questions, please call me at 701-328-4076.

Sincerely,

Sharon Helbling
Public Utilities Division
