Northern Divide Energy Storage, LLC Monthly Construction Report – October 2026

Northern Divide Energy Storage, LLC (Northern Divide Energy Storage) submits the following construction report for October 2026.

Safety: Northern Divide Energy Storage's Engineering, Procurement, and Construction (EPC) contractors, Michels Power (MPI) and Michels Underground Cable (MUCI), continue daily all hands meetings with discussions geared towards commissioning activities, and the final mechanical completion work with electrical and civil work.

Environmental: Crews are performing routine stormwater pollution prevention plan (SWPPP) inspections and any necessary remediation according to the SWPPP permit for the project. All affected construction areas except for the laydown yard will have permanent seeding installed this month. (The laydown area will most likely be reclaimed next spring due to the office trailers and winter weather).

Foundations: Complete.

Civil: All civil work will be completed this month apart from the laydown yard. (The laydown area will most likely be reclaimed next spring due to the office trailers and winter weather).

Electrical: Complete commissioning is ongoing.

Collection: All six collection circuits are mechanically complete and being energized as commissioning needs them.

Equipment: Complete.
