Re: Cost of Gas Adjustment (COG) Rate 88 and Rate 99
Case No. PU-26-007

Montana-Dakota Utilities Co. (Montana-Dakota) electronically files this letter to advise you that it will not seek a gas cost tracking adjustment change for the month of December 2026. The Gas Cost Tracking Adjustment tariff (Rate 88) and Purchased Propane Cost Adjustment tariff (Rate 99), Section 2(b) provide that Montana-Dakota shall file an adjustment to reflect changes in its average cost "only when the amount of change in such adjustment is at least 25 (twenty-five) cents per dk." The gas and propane cost tracking adjustment for the month of December 2026 results in a change of less than 25 cents per dk, and therefore, in accordance with the authorized tariff, Montana-Dakota will not seek a gas cost tracking change for the month of December.

Montana-Dakota respectfully requests this electronic filing be accepted as being in full compliance with the filing requirements of this Commission.

Sincerely,

/s/ *Tyler J Culbertson*
